Note that the 3 hr finish time was 13.03. Penalty was 10 points for every minute late.

I was impressed that the Latvian winner Aivar Tihane was able to visit all but 1 of the 19 controls. He got a bonus 10 points for a selfie on the toilet control – not a normal thing in Australian orienteering, but this is the Red Centre! Pity it was the furthest control, so few saw it.

Many thanks to everyone for taking part in these events and for coping with the less than accurate maps which were made for the Australian MTBO championships in 2014. With the nearest orienteering clubs based 1500 kilometres away, north or south, it isn't easy to get maps updated! The events were low key and some people were deliberately taking slower routes etc to practice for the World Rogaine Champs but all seem to have had fun.
